Dear Pastor and Church,

Good day! We'd like to express our sincerest gratitude for your continues support, friendship and love toward our family and our ministry. May these updates in our mission field bless your heart as our partners in the Lord's vineyard.

- **BAPTISM**
- **DISCIPLESHIP PROGRAM**
- * **Cell Group Ministry**
- **MISSION TRIP TO MIDDLE EAST**
- **PRINCE NAPHTALI**
- **PLACE OF WORSHIP**

We've also strengthened our Discipleship Program through *Cell Group ministry*. I personally prayed and handpicked **12 people** in our church whom I invest my time and resources in training them to reach more souls for the Lord.

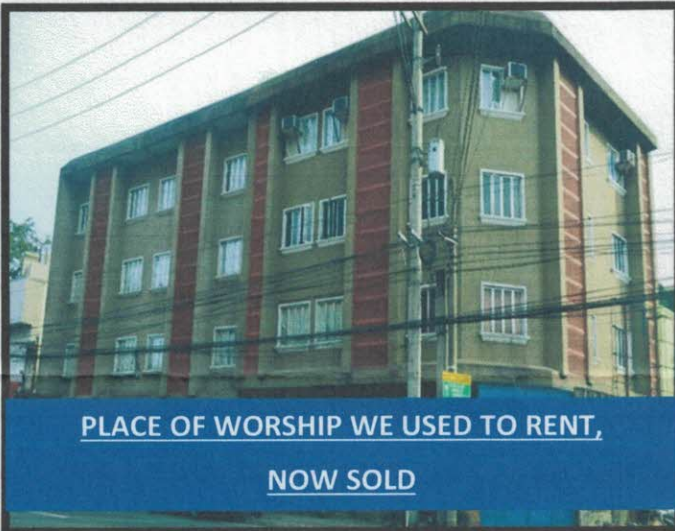

As to our family, we praise God for giving us our 3rd son, **Prince Naphtali**. Although he was diagnosed with *Pneumonia* few hours after his birth, (he was also put on *oxygen support*, was given an *antibiotics and x-ray*, all in day 1) we praise God because we were able to take him home from the hospital after 1 week. My wife and our kids are now very well. It is our prayer that our children will also serve God in a mission field one day.

Please pray for my upcoming **Missionary Trip** to the Middle East (Oman & Dubai) this December. This is now the second time I was invited to preach the gospel not only to Filipinos but to the Muslim Arabic People and many other races that were there as I recall 4 years ago. May the Lord open their hearts to Jesus.

Lastly, please pray with us regarding our situation. The place where we gather every Sunday for **4 years** now had been sold already. We were only given 'til early next year to **vacate** the place. At this moment, we have found a vacant lot (**200 square meters**) near our place and they are selling it. Our people prayed and gave collaboratively for this need. Altogether, we were able to come up with \$ 2,000. However, we are still earnestly praying for **58 churches/ individuals** who would be able to share a 1- time love gift of **\$ 1,000** so we can finally have our own place of worship. May the Lord lay upon your heart to be a part of our desire, our dream to continue to serve God and reach more souls in this huge, challenging capital city place of Metro Manila.

May the Lord continue to bless the United States of America in spite of terrorism around the world. Let's keep sharing the gospel of Christ, the only hope for mankind. Happy Thanksgiving and advance Merry Christmas! We love you in the Lord. Thank you for making an eternal difference on this side of the globe! Only eternity can reveal what impact you have made in our lives as well as to the people we'll continue to reach. To God be the glory!

All by God's grace,

Bro. Lemuel Pagcu & Family

SPECIAL PRAYER REQUEST

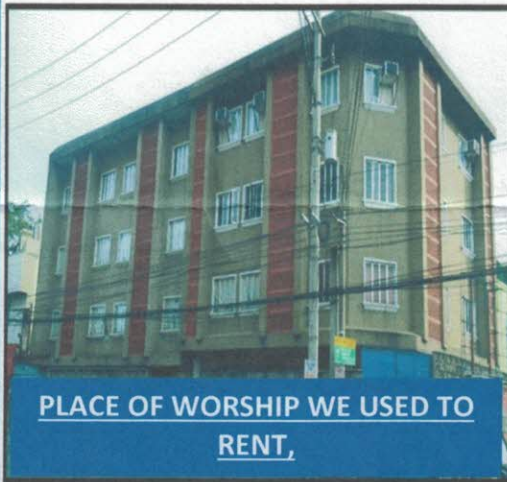

Dear Pastor & Church,

It's been 7 years since we saw each other. Our visit to your church maybe short yet life changing. Since we started the mission work here in **Manila**, you have been standing with us faithfully, hand in hand in prayer and in reaching the lost.

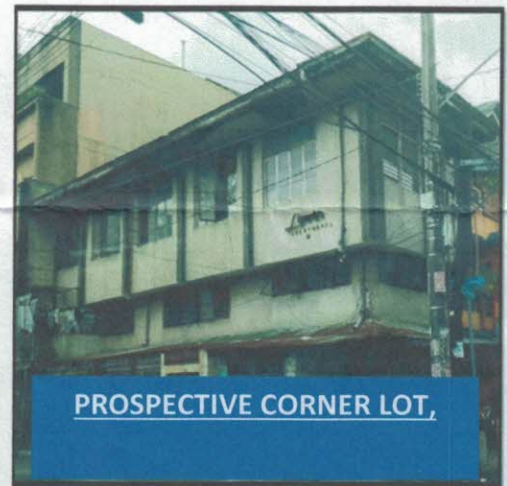

Please pray for us as we are facing the **biggest challenge** yet in our ministry. Being in the capital city, it's really costly to own a place. For 4 years we have been renting this Bible Baptist Seminary Building as our temporary place of worship. In fact, this is where both of my parents graduated from. It is managed by an **American Missionary** as well. This is the place where we **gather the people** to hear God's word. This place also serves as **Sunday school** area for discipling the children and a **fellowship hall** as well for the brethren. However, this facility has been sold already, just recently. As much as we want to stay and purchase this building, we cannot because the price is too high. Because of that, we are only given until **early next year** to vacate this building. Our people began to cry in prayer and ask God for His leading.

It was 2 weeks ago when opportunity presented itself. A house and lot just 2 miles away from our current place of worship is now for Sale.

It is 200 square meters and it cost \$ 60, 000. Our people contributed together and we were able to come up with \$ 2, 000. That is why I am writing to our American friends and supporters because we are still looking for 58 churches or individuals who would be able to share a one-time love gift of \$1, 000 for this need. Any amount would be highly valued and appreciated. Rest assure it will be used frugally and intentionally for the said cause.
