PRAYER, PRAISE AND PEOPLE UPDATE FOR THE PARTNERS OF STEVE & RHONDA NICHOLAS

MARCH, 2019

PEOPLE: This past Saturday we had another **Momentum** day camp for **local teens**. The theme was Superpower and the activity was Super Soccer which involved "superpower" rules and bubble soccer. The apologetic message during the evening meeting was: [The Ultimate Superpower](#). **Six young people** indicated that they trusted Christ that night. One exciting development related to **Momentum** is that there is a **church pastor and his youth group** on the other side of Jeju City who want to conduct a **mini-momentum** each month for the **teens in their area**. So **David Baek, Matt Lee, Steve and several WOLBI students** are training them to do just that!

PRAISE:

1. Steve's individual meetings with students went very well. Approximately 14 have indicated a desire to attend our second-year program in NY.
2. **The meetings with Jonel from WOL Philippines regarding local church ministries were very profitable! Our guys learned a lot and were able to brainstorm with him. Steve is continuing to meet with several staff about local church ministry each week.**
3. This missions conference was a huge blessing! The Lord really used Gary Parker. Our faith promise pledge between now and July 6 is \$4520. Students wrote their commitments on the back of the pledge cards. Would you like to read them? [Click here!](#)

PRAYER:

1. Rhonda's mom, Louise, is flying to Korea on March 9 to stay with Abby while Rhonda and I travel to Israel with students March 14-28. Please pray for safety on both sides of the globe.
2. **We have several staff needs for this fall. One of the most critical is the need for a western chef to disciple and serve students and cook 7 meals per week for between 35-60 people.**
3. We currently have 23 students registered for the fall. Our goal is between 40-50. Please pray that we will have a full house for Campus Days April 18-20.
