PRAYER, PRAISE AND PEOPLE UPDATE FOR THE PARTNERS OF STEVE & RHONDA NICHOLAS

HAPPY LUNAR NEW YEAR FEBRUARY, 2019

PEOPLE: This year camp was a walk of faith since it was David's first time leading. It was neat, though, to watch the former camp director be available for help and counsel but also to really let go and let new things be attempted. We just got the camp report from David. There were 123 campers; 44 salvation decisions and 58 dedication decisions. Glory to God! There was tremendous safety and no illness to speak of. Steve asked one of our students how they were doing at the end of English camp and they said, "Tired but it is a good tired." Thank you for praying!

PRAISE:

1. Students and staff returned safely in January from Christmas break.
2. **David Baek did an amazing job leading winter camp. The last camp was not filled but had more campers than we expected. Victoria Baek baked something homemade for the camp staff lounge every day:) Such a loving touch!**
3. A number of salvation decisions were made at the school on the mainland January 15-18 as well as several Christian-life decisions.

PRAYER:

1. This week Steve is meeting individually with each student to help them think through their next step after WOLBI Jeju and to offer counsel and help to them. Please pray for students as they make these decisions.
2. **Pray for our staff guys as they meet the Local Church Ministries Director from WOL Philippines Feb 7-8 to learn and brainstorm creative ways to help churches on Jeju reach the 49,000 unchurched teens on this island and the many teens on the mainland.**
3. Please pray for Gary Parker preaching at our missions conference. The reason for Jeju BI existence is to be a launching pad into this unreached part of the globe. Pray that God will send laborers into His harvest.
