PRAYER, PRAISE AND PEOPLE UPDATE FOR THE PARTNERS OF STEVE & RHONDA NICHOLAS

APRIL, 2019

PEOPLE: We just returned from a 10-day study trip (50 sites) in Israel. Not only do our students study the Bible in the classroom and live it out in ministry on Jeju but also have the privilege of walking where Jesus walked and seeing in living color the land of the Bible. One of the highlights of the trip is visiting the Jordon River. This year we had nine students who (with the permission of their home pastor) asked to be baptized. About half were first-time baptisms and half were recommitments of life to Christ. It was a very special time for our student body as each one shared their testimony and then took the step of obedience.

PRaise:

1. Rhonda's mom, Louise, arrived safely on March 9. She returns to the US the day before Easter. Abby, Louise, Lou and Thelma did not experience any trouble while we were gone and the trip returned safely as well.
2. **We have some people praying about our various staff needs. Even on the Israel trip a gal from NY expressed some interest.**
3. We currently have 4 more students registered for the fall. So we are at the 27 mark!

PRAYER:

1. April is going to be a busy month for Steve with two recruiting trips, Campus Days and teaching the book of 1 Corinthians. Please pray for wisdom and strength.
2. **Please continue to pray about our staff needs--especially the need of a cook. Though there are people praying about various positions, we still do not have concrete commitments yet.**
3. On April 2nd, Steve and the other men on the team here will be meeting to discuss maintenance needs/plans for the future. Please pray for wisdom for them and for God's provision..
