Prayer Requests

Please pray for our property needs.

- Need a space big enough to seat 50-100
 - Need to have parking access
 - Need to be somewhere of high visibility
 - Need several small rooms for Sunday clubs
 - Need the monthly rent to be easy on the pocketbook
- No small task in Europe!

Pray for Cate.

Our youngest Catrin is starting Secondary school, which is a milestone here. It also means our baby girl is growing up and making us feel a little old.

Pray for us to start the Lord's work.

It's not easy to talk to new people with the fear of an epidemic in our midst. Pray that the Good news of the Gospel will penetrate people's hearts, and they will be open to hearing.

Looking with vigour

Hello from the Emerald Isle or Halò bho Eilean Emerald in Gaelic. As we discussed in our last News Letter, we are glad to be back home and more than that back to serving the Lord here in Ireland. As soon as our mandatory quarantine ended Denise and I are trying to pick back up where we left of pre-pandemic. I was able to meet back for discipleship with a young man for the first time since March. We have also resumed the hunt for a rental property to start the new church. I know this seems a little backwards (having a building before the people), but we don't have the room in our house, and most people here would view the church as the stained glass and the stone anyway so they would be very leery of coming to a home for "Church". We ask you to please pray for us as this task isn't as easy as it may seem. Here in the Republic of Ireland and especially this far south, the availability for old church buildings that we could use is non-existent. Properties that would have a large enough area to meet are hard to come by, especially with all of the COVID 19 regulations. The places that would suit us have monthly rent outside of our budget. To say that this is a challenge would be an understatement and trying to plant a new church amid an epidemic is far beyond us. It's a good thing that we have such a BIG GOD, and He can move mountains (and COVID). On our end, we must stay the course, keep searching and faithfully share the Gospel with everyone we meet.
