

**90 SECONDS
OF PRAYER, PRAISE AND PEOPLE UPDATE
FOR THE PARTNERS OF STEVE & RHONDA NICHOLAS**

OCTOBER2020

Class of 2021 with Professor Brian O'Hara

PEOPLE: We've experienced A LOT of challenges in the past but I had no idea how we were going to overcome the start of a school year with 8 people in quarantine. AND YET here we are at the end of **one of the best start ups** ever with the 8th student coming out of quarantine 2 hours ago. God did indeed answer prayer by giving great wisdom and creativity in planning for quarantine. One example is that each quarantine student was in their own individual room on ground level with a window. So fellow students/staff were able to sit outside and talk and share meals. There was a buddy system for meal delivery and shopping. Each day included a 30-minute WOLBI Radio segment interviewing students in turn. To see pictures and videos of that time, click here: <https://www.facebook.com/wolbijeju/> or search "wolbijeju" on Instagram. One thing we definitely know about each student God sent us is this: **they definitely WANT to be here.** We anticipate God doing great things in the hearts of this class!!

PRAISE:

1. We have 15 1st-year students on campus!!! The Lord sent 3 out of the blue at the last minute. If you count 2nd and 3rd-year staff-students, the number is 25.)
2. **The local health department personnel thanked our staff Jack Jung for doing such a good job following quarantine protocol in contrast to most foreigners on Jeju. What a blessing to be a light to government officials in this very much unreached part of Korea!**
3. We are encouraged that the COVID battle in Korea is succeeding with new daily cases under 100 these days.
4. **Baby Lucy is on campus safe and sound!**

PRAYER:

1. Please pray for creativity in doing outreach this fall.
2. **Please pray for God's financial provision this year as each of our staff-students are seeking to raise support. We praise the Lord for a recent \$6000 gift to cover the development of a sustainable greenhouse on campus to grow most of WOLBI's vegetables.**
3. Please pray for our son Daniel, who will be leaving Korea Nov. 1. He will be with Jacob & Anna in ME for at least 3 months while learning to drive and gaining some life experience in the US.
