

The Paskal's Prayer and Praise Report for Fall 2021

Dear Praying Friends and Family,

Greetings from the great state of Kansas where we are currently engaged in multiple speaking engagements. We have had several mission's meetings in other states including Massachusetts, Georgia, and Kentucky. So far, we have picked up two new additional supporting churches as of the writing of this letter. We will be in several mission's conferences over the next few weeks and are excited to participate in these meetings. Please pray for more churches that we have visited and have yet to visit that they will take us on for monthly mission's support. Our current level is about 80%. We are rejoicing in the Lord and look forward to the possibility of moving to New York in the Spring of 2022.

An update on our family, Kathy and I are living out of our travel trailer for the next month and a half as we have multiple meetings in Kansas. This has been a blessing as we have been able to use it as our home away from home in-between meetings. Sarah who is nineteen is doing good; she is in community college in Virginia and working. Joshua is twenty-two and has recently gotten engaged. He is working hard to get his finances in order and to save money for the wedding in September of next year. David our oldest who turned twenty-five in September has been getting better but still needs prayer. Pray for him that God will help him, and that David will seek God's direction for his life.

We are very thankful for the doors God has opened for us to be able to present our desire to reach precious Jewish souls and others in the New York city area with the gospel. As of now we have meetings through the middle of December. Please pray with us for God's direction for new meetings into the Spring of 2022. We will be back in Kansas in January for a meeting and headed South into Oklahoma, and then towards Tennessee heading back east for meetings in March in Virginia. Please partner with us through prayer for God's direction and for Him to open doors for us as we seek to continue deputation to raise monthly financial, and prayer support. We need about 20% more additional monthly support to be able to leave to go to New York in the Spring 2022.

If we have already ministered in your church, we sure did appreciate the opportunity, but if you are currently not sending help financially with our needed monthly missions support would you please consider starting. This way together, with your help; we can start sooner reaching Jewish People and others in The New York City, and Long Island area with the Gospel of our Lord and Savior Jesus Christ.

Sincerely yours for souls, *David and Kathy Paskal*
