OCTOBER 2022

[View this email in your browser](#)

Here they are: all **25** of them! As you are reading this, we are beginning our 3rd week of classes. DAs (discipleship assistants) have been chosen for the dorms; students have been trained in their service assignment positions; they are already preparing for their first Momentum day camp; and they should receive their local church ministry assignments this week. The demographics of the class are 19 ladies and 6 men (4 Japanese; 1 Taiwanese; 8 Koreans; 4 Canadians and 7 US citizens). The other day over lunch we realized something. The two young men with an arrow over their head each have a sister who graduated from WOLBI Jeju. In fact they were classmates. While those young ladies were at WOLBI Jeju, they were both praying for an unsaved brother. Now those brothers both know the Lord and are classmates at the BI! Again--God always answers prayer! These young people are very eager to learn and to grow. The potential represented here is unbelievable! Please pray that God will raise up leaders and evangelists from among them.

**PRAISES:**

1. Guess what!!! A maintenance couple is coming for 90 days:) They should be on Jeju 11/8.
2. **God has been giving our staff strength and joy. We are learning a lot together. There are hard days, but we can't thank God enough for His presence and the sweet spirit among our team.**
3. As you can see, everyone arrived safely!

**REQUESTS:**

1. **Please pray for the details of the Vietnam/Thailand trip in December.**
2. Please pray for the first Momentum day camp on October 15 for preparation and for souls to be saved.
3. **Please pray for us and the WOL team here in Korea. There are definitely spiritual battles that go on. As individuals and families, we need your prayers.**
