10 Be kindly affectioned one to another with brotherly love; in honour preferring one another;  
Romans 12:10

## We continue to grow both spiritually and numerically!

After church lunch. Room for one more table.

Denise and I strive to create a genuine atmosphere within the body of Christ, filled with preference, joy, and love, as we serve the Lord here in Tralee. It is a blessing to see our church develop a heartfelt connection with one another, which leads to a spirit of love that is evident when we have visitors. One way we foster this community is by hosting periodic after-church lunches, along with activities for both men and women. As followers of Jesus, we all know that food and ministry go hand in hand! The only challenge we face is that we are growing in number, and we are unsure how we will fit everyone at our next luncheon—what a great problem to have!

Many of the mothers who are a part of TBF

Marie joining the Church

For many of you, it may come as a surprise that Mother's Day in Ireland is different from that in the United States. Here in Ireland, Mother's Day was on March 30th this year. We had a lovely gathering of mothers, along with several visitors, on that Sunday. However, that Sunday was special not only because we celebrated mothers but also because we officially welcomed Marie as a member of

the church. She shared a powerful testimony that resonated with many. Additionally, she has started one-on-one discipleship with Denise and is truly enjoying the "Journey."

Devon and I with his two sons before their baptism service

Project 4:32 is at the halfway point

On the first Sunday of April, we held our very first baptism service at a place called Fenit, which is only ten minutes away from the church. We perform all our baptisms in the Atlantic Ocean. The two young boys who were baptised have an amazing story. I had the privilege of leading their parents to Christ and baptising them over seven years ago in our first church plant in Mallow. After we moved to Tralee, the family found work here and joined TBF. Their older son came to know Christ here in Tralee and was baptized, thanks to the guidance of his parents. Recently the other two boys accepted the Lord Jesus Christ as their Savior and followed Him in baptism as well. It is such a blessing to see an entire family come to know Christ and serve Him. Their family has not only been transformed by the gospel, but that same gospel has now reached South Africa, where the parents/grandparents have also accepted Christ as their Savior. Devon (a deacon) and Emma contribute so much to our church, and we are very thankful for their service to the Lord.

### Project 4:32

Please pray for Project 4:32. Pray that God will provide a property in town. We covet your prayers.

Little baby Ian (our grandson) is doing great and has started growing his moustache just like Grandad Hahah!

'Gas' is Irish slang for funny. You might hear a situation described as 'Gas', for example, 'Last night was gas craic.' 'To learn what 'craic' means, refer back to previous newsletters.
