Corrine awarded 3 year Faith Bible Institute Diploma

Higginbotham Family Music & Teaching Ministry to the Native American Indians traveling across the US

We had a great Revival with Pastor Chris and his wife from Florida. This young couple started a work in Florida a few years back. His messages were timely, challenging and powerful. They also ministered in song and were an inspiration to our church. Pastor Josh and Pastor Chris met at Heartland Baptist College and became very close friends.

The Bell brothers Zek, Silas and A.J. have begun their first year of Bible College at the Indigenous Bible College in Flagstaff, Az. Please pray for God's direction for their future. They grew up in our church. We are proud of the young men they have become today. I see such potential ahead for each of them.

Our service during the Revival. Our people were blessed by the Word. There was a constant flow of people at the altar praying for various burdens on their heart. It was a sweet time for each of us to renew our hearts before God. What a Great God we serve.

Our Ladies Retreat was a real blessing. The topics were directed especially for ladies and they connected well with the topics they were taught. They came back energized by the Word of God. They expressed meeting new ladies from various churches. We had 19 ladies to go this year. I believe we were the largest group in attendance. The ladies were able to relax and get to know each other better. (4 not pictured)

Rodson is a new believer in Christ. He got saved at a father son camp out earlier this summer. He is taking the Faith Bible Institute and being discipled by Pastor Josh. His dad has recently been attending our services. Leonard (right bottom) These three men were giving their testimony as they returned from a men's fellowship in Albuquerque.

It has been a busy Summer and now Fall is right around the corner. New Mexico made national news with much rain and flash floods. I am grateful for God's watch care over our church and property. We have a ravine beside the church and property. They monitor the bridge for high water during the rainy season. Thankfully it has never over flowed since we have been on this property. The town of Gallup had flooded streets, stalled vehicles and several business establishments suffer loss. And sadly loss of lives. Much devastation in our world today; but there is Hope in Jesus Christ. Our sole purpose is to glorify Him and point the lost to the Savior. Let's stay FOCUSED !!
